

DEMOCRATIC STATE PLATFORM

RESOLVED, That the Democracy of North Carolina reaffirm the platform and principles of the Democratic party, both state and national, and particularly favor the free coinage of silver and an increase of the currency, and the repeal of the internal revenue system. And we denounce the McKinley tariff bill as unjust to the consumers of the country, and promote the trusts, combines and monopolies which have oppressed the people; and especially do we denounce the unnecessary and burdensome tax on cotton ties, and on tin, so largely used by the poorer portion of the people.

We likewise denounce the iniquitous Lodge force bill, whose purpose is to establish a second period of reconstruction in the Southern States, to subvert the liberties of our people and inflame anew race antagonism and sectional animosities. And we denounce the tyrannical action of Speaker Reed and his abettors who have evaded the Federal House of Representatives from a deliberative body into a machine to register the will of a few partisan leaders.

RESOLVED, That we demand financial reform, and the enactment of laws that remove the burdens of the people, relieve the existing agricultural depression and do full and ample justice to the farmers and laborers of our country.

RESOLVED, That the Democracy of North Carolina take a just pride in the able and patriotic course of their Senators and Representatives in Congress touching the great public questions, that have been before them for action, and especially do we appreciate the great ability and zeal of Senator Vance in the protracted contest on the tariff question which reflect honor and credit alike on him, and on the State of North Carolina and we cordially commend his reelection to the United States Senate by the next General Assembly of North Carolina, and we commend the wise and satisfactory administration of our State officers.

WHEREAS the education of the people is essential not only to individual happiness and prosperity but also to the maintenance of civil and religious liberty.

RESOLVED, That the next General Assembly of North Carolina is requested to increase the fund for the maintenance of Public Schools.

RESOLVED Further, that we favor the abolition of National banks, and the substitution of legal tender Treasury notes in lieu of National bank notes, issued in sufficient volume to do the business of the country on a cash system, regulating the amount needed on a per capita basis as the business interests of the country expands, and that all money issued by the government shall be legal tender in payment of all debts, both public and private.

That we favor that Congress shall pass such laws as shall effectually prevent the dealing in futures of all agricultural and mechanical products, preserving a stringent system of procedure in trials as shall secure the prompt conviction, and imposing such penalties as shall secure the most perfect compliance with the law.

That we favor the free and unlimited coinage of silver.

That we favor the passage of law prohibiting the alien ownership of land, and that Congress take early steps to devise some plan to obtain all lands now owned by alien and foreign syndicates, and that all lands now held by railroads and other corporations, in excess of such as is actually used and needed by them, be reclaimed by the government and held for actual settlers now.

Believing in the doctrine of "equal rights to all, and special privileges to none," we demand that taxation, National and State, shall not be used to build up one interest or class at the expense of another. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all revenue, National, State or county, shall be limited to the necessary expenses of the government economically and honestly administered.

That Congress issue a sufficient amount of fractional currency to facilitate exchange through the medium of the United States mail.
